DETAILED ACTION

Allowable Subject Matter

1. Claims 1-38 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1-12 are allowed because the closest prior art of record fails to disclose a circuit as shown in Figure 6 wherein the circuit comprises a register (605) having a plurality of data input terminals coupled to the output terminals of the first counter circuit (601), a clock terminal coupled to receive a clock update signal from the first counter circuit (601), and a plurality of output terminals; a set counter (603); a reset counter (604) having a clock terminal coupled to the output terminal of the set counter circuit (603); and an output clock generator (607, 608, 610, 611) having a first input terminal coupled to the input clock terminal, a set input terminal coupled to the output terminal of the set counter circuit (603), a reset input terminal coupled to the output terminal of the reset counter circuit (604), and an output terminal coupled to the output clock terminal in combination with the rest of the limitations of the base claims and any intervening claims. Claims 13-38 are allowed because the closest prior art of record fails to disclose a circuit as shown in Figure 11 wherein the circuit comprises means (1102) for dividing the first number to provide a divided number; second counter means (602) for counting a second number of counts following each first edge of the input clock signal (CLKIN) and comparing the second number with the divided number; pulse generator means (607, 608, 610, 611) for providing a first pulse on the output clock signal in response to each first edge of the

input clock signal and a second pulse on the output clock signal based on results of comparing the second number with the divided number in combination with the rest of the limitations of the base claims and any intervening claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
